Welcome to Conejo 365!

We are so very fortunate to live and play in the Conejo Valley, where there is always something fun, interesting, and exciting going on. We created the Conejo 365 event and entertainment calendar magazine so residents and visitors alike can stay on top of what is happening in the Conejo... all in one place! We wanted an insider’s guide to help Conejoans plan their weekends, entertain out-of-towners, and take full advantage of everything our wonderful area has to offer.

You will want to keep Conejo 365 handy and refer to it regularly, as each issue is jam packed with the area’s "must do, can’t miss" events and other activities. Whether you’re a youngster or more on the mature side, whether you’re looking for concerts, festivals, parades, nature hikes, parties, sporting events, marathons, dances, fundraisers or other activities, you’ll find it all here in the pages of Conejo 365.

This is our way of giving back to the Conejo so that everyone here can better enjoy this amazing place that we call home. However, we could not present this free publication without our advertisers, who we gratefully thank for their participation in bringing Conejo 365 to you. Buy local and support the merchants in your communities who contribute so much to making the Conejo strong and vibrant.

Conejo 365 is THE event and entertainment guide to the Conejo.

Hold on to it, use it often, and ENJOY!!!

Good Wine Is Just Around The Corner

There are more than 50 independent vineyards in the nearby Santa Monica Mountains, but, even on a leisurely cruise through the area, you may not see a single one! Most are secreted away in remote canyons that are foggy in the mornings, sunny in the afternoons and nearly invisible to the casual traveler. Some are half-acre backyards. A few are 1,000-acre estates. All are uniquely individual and tended by vintners truly passionate about their wines. Some of these local wineries are producing nationally acclaimed, boutique wines in limited quantities, available only in and around the Conejo Valley. From varietals to custom blends, it’s all just around the corner.

*Here is just a sampling of the local grape that will please even the most discriminating palette.*
