Masthead
Hello, fellow Conejoans,

We were totally blown away and inspired by the positive feedback received for our Fall issue of Conejo365. We passed out over 1,000 copies at our booth during the recent Thousand Oaks Street Fair and many more businesses are giving away copies in their stores and offices. Such enthusiasm!!!

One of the other highlights of this past Fall was the amazing response we received from those participating in our 1st Annual Pub Crawl. We will definitely do that again soon. In this issue we have another surprise. We are hosting a murder mystery party with one of our awesome advertisers, Oaks Security. It would be criminal for you to miss this one!!! Check inside this issue for more details.

I have lived in the Conejo almost my entire life and thought I knew just about everything there was to do here. Wrong!!! The enthusiastic response of Conejo365 readers posting events with us is proving we have just scratched the surface of the wealth of activities we enjoy in our own backyard. Please keep the information flowing and keep us in the loop so we can help promote all of the great things happening.

Just go to our website at www.conejo365.com and give us the rundown on your special events, fun activities, fundraisers, and anything else in which you think our fellow Conejoans might have an interest. No matter how large or small, we want to share your favorites with everyone. You never know when you will find that kindred soul looking for just the opportunities you are presenting.

And, about our website: between printed issues of the quarterly Conejo365 magazine, we regularly post new activities on the site as we are made aware of them. Sooo, there are lots more activities, events, and entertainment just a few clicks away. You will want to check it often to see what has been added.

All of this, the Conejo365 magazine, website, and listing service are FREE thanks to our growing list of advertisers. Our 60,000-plus readers and the entire Conejo truly benefit from our advertiser participation, so please show your appreciation and SHOP LOCAL!!!

Finally, watch for us on Facebook and “like” us, so we can keep you current on Conejo happenings.

Sincerely,

Mike Corridori, Editor in Chief
There's going to be a killing in Westlake Village and we don't mean in the stock market. Our detectives need your help nailing this evildoer at our Murder Mystery Dinner Show, where you'll eat, drink and die laughing trying to chase down the stealthy perpetrator(s), who could be sitting right next to you.

You'll begin the evening of sleuthing, mayhem, occasional gun shots, and twists and turns with an Interrogation Reception, featuring luscious hors d'oeuvres, followed by a scrumptious buffet dinner. It's a night you'll love to death. Anything can happen. It would be a real crime to miss this hilarious, interactive night.

Each year, Southern California experiences some 10,000 earthquake tremblers, any one of which can cause irreparable damage to your masonry fireplace, which you may not even notice. Eventually, this can lead to your chimney collapsing or dangerous gases escaping into your attic or living spaces. Many homes in our area were built with “precast concrete fireplaces,” which are now particularly hazardous because a vast majority of them have cracked or failed and need to be replaced.

Since 1976, Altmann Construction has been helping its neighbors rebuild or replace damaged fireplaces and chimneys caused by quakes and weather deterioration. We can also add a gas-only fireplace to almost any location in your home.

We’re your FIREPLACE SPECIALISTS and we want you to be safe, so relax and call us at 818-667-7086 or e-mail altcon333@aol.com.

**The Reserve at Thousand Oaks**

“I visited a lot of assisted living communities because my kids didn’t think I should live alone any more — like it is THEIR decision?

Then I visited The Reserve. The entire place had energy and activity. I met three people just waiting for my tour and they were on all on their way somewhere. The food was truly restaurant quality—and I was told by the other residents that it is like that every day!

I realized that I missed being around people like myself. I missed having Bridge partners and water aerobics classes. I decided to move there because I wanted to.

Now my daughter wants to move here... Ha!”
